

QUICK START GUIDE

WAKE UP YOUR NEW SMART GLASSES

- 1 Plug charging stand into a safety certified 5W USB power adapter (not included).

- 2 Insert smart glasses into charging stand with lenses facing up.

- 3 Wait 6 seconds for the pulsing light to turn orange. If it blinks red, re-insert smart glasses.

- 4 Your smart glasses are ready to wear! Put them on and download the Alexa app to complete setup.
